

INDEX.

- Abdomen, contusion of, 6; sponge in, 347.
 Abdominal section, 310; cases of, 121, 135; disorders, applications of electricity in, 523.
 Abnormal positions of head, 129.
 Abortive treatment of diphtheria, 539.
 Abortions, injections of carbolic acid in, 188.
 Abortions, repeated, treated with, 367.
 Abscess, acute pelvic, 219; psoas, treatment of, 292; large pelvic, 407.
 Abscess in supra-renal capsules, 619.
 Absorbent cotton, an electrode covering, 403.
 Acid, phenic in, 89; carbolic in, 188; in indigestion, 537; in gastric disorders, 761; nitric, in intra-uterine applications of, 120; osmic, in sciatica, 186.
 Acne rosacea, treatment of, 274.
 Aconite in frostbite, 251.
 Acute, gouty dementia, 141; purpura hemorrhagica in child, 150; laryngitis, treatment of, 186; pelvic abscess, 219; erysipelas, pilocarpine in, 241; dysentery, treatment of, 313, 345; rheumatism, oil of wintergreen in, 370; endocarditis in, 656; and chronic endocarditis, 746; earache, glycerinum acidi carbolic in, 781.
 Adeno-fibroma of lachrymal gland, 272.
 Adenoid vegetations of pharynx, treatment of, 538.
 Administration, of alcohol to parturient women, 47; of nitrous oxide, 119.
 Adolescents, cardiac hypertrophy in, 568, 746.
 Adulteration of medicines, the increasing, 309.
 Adults, poliomyelitis, anterior, 503.
 Aged persons, operations on, 58; hygiene of, 108, 347.
 Agoraphobia, 113.
 Ague, splenic murmur in, 760.
 Albumen in urine, determination of, 632.
 Albuminuria, after chloroform, 186; production of, 333; regularly intermittent, 402.
 Alcohol, to parturient women, 47; in disease, 445.
 Alcoholic liquors, abuse of, 191.
 Alexander operation, 751.
 Alimentation, rectal, 282.
 Alimentary canal, 470.
 Altitudes, high, pneumonia in, 399.
 Aluminum glycerinum, 377.
 Alveolar sarcoma of kidney, 271.
 Alveol for cancer, 444.
 Amenorrhoea, 669; and gonorrhoea, 347.
 Ammonia, in treatment of septicæmia, 441; in scarlet fever, carbonate of, 471, 634.
 Amyloid degeneration of liver, spleen, kidneys, 776.
 An ideal medical life, 446.
 Anæmia, idiopathic, 550, 577, 613, 646.
 Anæsthesia, rectal, 217.
 Anæsthetic, rhigolene as, 179; rapid, by ether, 530; local, 632; in labor, bromide of ethyl an, 683; local, methyl chloride as, 759.
 Anæsthetics, precautions in administration of, 23; in midwifery, 359.
 Anal fistule, 139.
 Analysis, a novel urinary, 126; of idiopathic anæmia, 550, 577, 613, 646.
 Anatomical geometry and toponymy, 219.
 Anatomy, comparative, 446.
 Anchylosis, case of, 779.
 Anecdote of Garfield, 319.
 Aneurism, cardiac, 429, 459; ilio-femoral, 563; of splenic artery, 596; of aorta, with rupture, 620; double of, 654.
 Anginose diphtheria, specimens from, 460.
 Ani, sphincter, dilatation of, 328.
 Animal, man as a cooking, 278.
 Anomalous post epileptic state, 689.
 Antelexion of uterus, 195.
 Anthrax, treatment of, 157.
 Antipyrin, Huchard on, 117.
 Anti-vaccinator's funeral, 125.
 Antimonial wine in diseases of skin, 596.
 Antipyretic, another, Thallin, 26; surgery, 363, 449.
 Antiseptic, obstetrical, perchloride of mercury as, 152.
 Antrum, chronic suppuration in, 783.
 Anus, foreign body in, 357, 388.
 Aphasia, traumatic, 238, 379.
 Apoplexy, probable, 458.
 Apomorphine, hydrochlorate of, 92.
 Applications of nitric acid, 120; of cocaine to urethra, 183.
 Arsenic in cancer, 630.
 Arsenical paralysis, 376.
 Arous senilis in boy, 568.
 Artery, splenic aneurism of, 596.
 Arthritis, suppurative, 33.
 Arthropathia progressiva, 434.
 Arthropathies, the spinal, 302, 331.
 Artificial impregnation, 31; feeding, 221; teeth, swallowing, 638.
 Artificial teeth, swallowing of, 788.
 Aseptic silk, 412.
 Asiatic cholera, 257.
 Aspiration of strangulated hernia, 89.
 Asthma, thyroid, case of, 154; caused by, 539.
 Astigmatism and sick headache, relations of, 153.
 Astragalus, excision of, 272.
 Ataxia, locomotor, 276, 332; fracture of, 664.
 Athletes, young women as, 319.
 Athetosis, bilateral, 466.
 Atmosphere of phthisical patients, 679.

- Atom and molecule, 782.
 Atropia in severe electric shock, 409.
 Atrophy, muscular, tabes and progressive, 281.
 Auricle, right wound of vena cava and, 538.
 Auto-infection, puerperal fever due to, 198.
 Auxiliary method for reduction of dislocations, 97.
 Avoidable illness, 637.
 Baby, a Japanese, 318; washing the, 572.
 Bacilli, specific, in syphilitic tissues, 629.
 Bacillus, the comma, 16; of infantile diarrhoea, 154; comma, Koch on, 145.
 Bacteriology run wild, 504.
 Bandaging, 491; and rest, treatment of mastitis by, 342.
 Baths, Russian, 82.
 Beer in vomiting of pregnancy, 634.
 Belladonna in incontinence, large doses of, 443.
 Bichloride of mercury in diphtheria, 377.
 Bilateral, herpes zoster, 206; athetosis, 466.
 Births, still, statistics of, 417.
 Bladder, washing out, 155; inverted, 156; foreign body in, 187; laceration of, 357, 388; urinary of, hypospadias, 402; irritable, cocaine in, 411; simulating stone, needle in, 497; excessive irritability of, 715.
 Bleeding, drunkenness treated by, 346.
 Blindness, night, 18; color and railway accidents, 147.
 Blood-letting, history of, 111.
 Bones of upper extremity, multiple fracture of, 185.
 Bony union possible, 234.
 Boy, arcus senilis in, 568.
 Bowels in infants, treatment of ulceration of, 755.
 Bradford county medical society, 808.
 Brain, removal of tumor from, 25; phantom, 44; excision of tumor from, 186; lodgment of breech-pin in, 444; a composite organ, 465; idiot skull and, 588; affection complicating pneumonia, 693.
 Bright's disease, caffeine in, 410.
 Bromide of potassium in, 154; of ethyl, an anæsthetic in labor, 683.
 Bronchitis, simple diagnostic differences, 651.
 Brutality, a sad instance of, 350.
 Bullet wound of lung, 340.
 Buttermilk in sick stomach, 623.
 Cesarean section, 412.
 Caffeine in Bright's diseases, 410; a cardiac stimulant, 442.
 Calcium, sulphide of, 311.
 Calouli in female, 301.
 Calculus pyelitis, case of, 655.
 Camphor phenol, 168; essential oil in rheumatism, 633.
 Cancer of peritoneum, 249; of thyroid body, 409; alveolar, for, 444; smoking a cause of, 538; œsophageal treatment of, 569; cocaine in, 570; arsenic in, 630.
 Cannabis indica in, 184.
 Cannibalism, 126.
 Capital punishment, 85.
 Carbolic acid in abortion, injections of, 188; in indigestion, 537.
 Carbonate of ammonia in scarlet fever, 471, 634; in gastric disorders, 761.
 Carbucole, disinfectants on, 146; without incision, treatment of, 756.
 Carcinoma, of stomach in child, 17; resection of pylorus for, 93.
 Carcinosis, general, 53.
 Cardiac debility, 119; aneurism, 429, 459; stimulant, caffeine as, 442; hypertrophy in adolescents, 568; disease in adolescence, 746.
 Caries of cricoid cartilage, 24; excision of astragalus for, 272.
 Case of thyroid asthma, 154; of monstrosity, 536.
 Caseous pneumonia of entire lung, 112.
 Castor beans, poisoning with, 625.
 Castration for hystero-epilepsy, 230; by a hog, 700.
 Cataract, incipient diagnosis of, 729.
 Cataractous lens, in capsule, removal of, 219.
 Catarrh, etiology of, 209; cervical, and retroversion, 227.
 Catarrhal rhinitis, saliva officinalis in, 377; inflammation of ear, 634.
 Cattle, pleuro-pneumonia of, 13.
 Cerebro-spinal meningitis, review of, 634.
 Centenarian, 218.
 Cephalagia, syphilitic, 681.
 Cerebellum, tumor of, 586; tubercular, 790.
 Cerebral pneumonia, 107; syphilis, 215; studies, 320; pathology, 435; softening, 530; lesion, temperature in diabetes mellitus, due to, 571.
 Cervical catarrh and, 227; pregnancy, 299.
 Cervix uteri, laceration of, 195.
 Charcot's joints, 302; locomotor ataxia with, 332.
 Cheese poisoning, 31.
 Chemical analysis of food, 350.
 Cherry pit in ear of child, 208.
 Cigar-smoking and cancer, 479.
 Child, carcinoma of stomach in, 17; bed, graver fevers of, 18; acute purpura hemorrhagica in, 150.
 Children, new-born, causes of death in, 93; psychological troubles among, 241; urine of, 282; chloral in convulsions of, 409; of idiots, 414; incontinence of urine in, 432; nerve system of, 668.
 Childhood, febrile attacks in, 184.
 Chin reflex, 591.
 Chinese diagnosis of leprosy, 795.
 Chloral hydrate, poisoning from, 237; for chordee, 378; in convulsions of children, 409.
 Chloroform, albuminuria after, 186; inhalations, chorea treated by, 186; habit, 350, 632.
 Chloride, methyl, a local anæsthetic, 759.
 Cholera, 303; diarrhoea treatment of, 22; its travels, 147; Asiatic, 257; treatment of, 148; contagion of, 214; epidemic in Paris, 243; new view, 317; bacillus, Dr. Klein on, 351; and marriage, 381; sanitary precautions against, 535; tannic acid injections in, 567; intravenous injections in, 571; precautions, 638; inoculation for, 694.
 Chordee, cocaine in, 345; chloral hydrate for, 378.
 Chorea, 376; in aged, 25; investigation of, 158; treated with chloroform inhalations, 186; hereditary, 697.
 Chronic dysentery, voluminous enemata in, 81; interstitial nephritis, 796; suppuration in antrum, 783.
 Contracted kidney, 141; parenchymatous nephritis, 273; ulcer of leg, 622.
 Circumcision under peculiar circumstances, 573.

- Cirrhosis of liver, convulsions from, 651.
 City vs. country, 787.
 Cleanliness in labor cases, 412.
 Cleansing of wounds, 462.
 Clavicle; dislocation of, 215; sarcoma of, 270.
 Climate and intellect, 413.
 Clinical thermometry, 182.
 Coca, valoid of, 315; in fatigue, 561.
 Cocaine, muriate of, 27, 58; preparation of, 49; in dysphagia, 56; in neuralgia, 57; hydrochlorate of, 79, 89; in sleeplessness, 90; in laryngology, 122; and coca, physiological action of, 176; German views on, 178; to urethra, application of, 183; in dysmenorrhœa, 178; hydrochlorate of, 220; therapeutic action of, 228; in removal of foreign bodies from eye, 284; in minor surgery, 313, 344; in rectal surgery, 314; muriate of, 315; in vaginismus, 315; in chordee, 345; muriate in gout, 347; observations on action of, 370; in chronic cystitis, 411; in operation for phimosis, 539; in urethral spasm, 540; in cancer, 570; hydrochlorate in, 634; in vomiting of pregnancy, 659; in senile gangrene, 723.
 Cod-liver oil in scalded throat, 759.
 Coccyx, removal of, 503.
 Colchicin, supposed poisoning by, 375; poisoning by, 571.
 Collapse, electricity in, 569.
 Colleges, hygiene of, 574.
 Comfort for invalids traveling, 63.
 Comma bacillus, 16; Kussmaul, S., 90; uræmic, 106.
 Communicability of consumption, 724; of scarlet fever, 789.
 Comparative anatomy, 446.
 Complicated multiple sclerosis, 788.
 Compression, instrumental, 563.
 Composite organ, the brain, 465.
 Compulsory vaccination, 87.
 Concussion of spine, 210.
 Condensed milk, value of, 114.
 Condyloma, urethra, 720.
 Conferences, sanitary, 534.
 Congenital, deficiency of, 617.
 Conjunctivitis, diphtheritic, 228.
 Constipation, ergot in, 540.
 Constitutional syphilis, 185.
 Consumption, pulmonary, hereditary transmission of, 311; communicability of, 724.
 Contagion of cholera, 214.
 Contagiousness of typhoid fever, 55; of tuberculosis, 513, 546.
 Contracture, muscular, cure of, 153.
 Contusion of abdomen, case of, 6.
 Convulsions, 266, 299; of children, chloral in, 409; from cirrhosis of liver, 651.
 Cornea, diseases of, 520.
 Cough, *grindelia robusta* in, 346.
 Craniotomies in same subject, 187; successive in same subject, 700.
 Cremation in France, 415.
 Cricoid cartilage, caries of, 24.
 Crime, dentistry to detection of, 158.
 Criminals, experiments on heads of, 807.
 Croup, membranous, 564.
 Crow and country doctor, 414.
 Culture, physical, 542.
 Cupping, dry, in treatment of anthrax, 157.
 Cure of muscular contracture, 153; snow, 177.
 Custom breeds tolerance, 412.
 Cyst, parovarian, removal of, 11; papillomatous ovarian, 559; ovarian, 683.
 Cystitis, chronic, cocaine in, 411.
 Cystomata, ovarian, 748.
 Cysts of utero-vaginal glands, 291; ovarian, 300; papillary ovarian, 749.
 Dead, apparently, revival of, 217; bodies, discoloration of, 566.
 Deafness, sudden mumps a cause of, 156; hereditary? 348.
 Death, causes of, in new-born children, 93; from sudden pulmonic œdema, 141; apparent, 351; rare case of sudden, 504; from cold douche, 532; from hurry and exertion, 543; debauchee's fear of, 636.
 Debauchee's fear of death, 636.
 Decrease of population in France, 414.
 Deformities, general treatment of, 545; osteotomy for correction of, 735.
 Degeneration among residents of large cities, 341; amyloid, of liver, spleen, kidneys, 776.
 Delusions, 232.
 Dementia, acute gouty, 141.
 Dentistry to detection of crime, 158.
 Depopulation of France, syphilis and, 537.
 Dermatitis medicamentosa, 731.
 Desquamative, inflammation of, 609, 649.
 Detection of poison in sausages, 149.
 Diabetes; mellitus, skim-milk in, 26; bromide of potassium in, 154; temperature in, 571.
 Diagnosis; usefulness of nose in, 50; of gastric disease, 58; new method of, 155; refinements of, 244; of incipient cataract, 729; of carcinoma, 806.
 Diagnostic; errors and practical hints, 281; sign, varicosity of lingual vein as, 689; differences between simple bronchitis and, 651.
 Diarrhœa; cholera, treatment of, 22; infantile, 91; vinegar in, 314; Monsel's iron in, 371.
 Died from whipping, 191.
 Digestion, disorders of, 687.
 Dilatation of sphincter ani in, 328.
 Dinner, advantages of, 318.
 Diphtheria; bichloride of mercury in, 377; angina, case of, 460; abortive treatment of, 539; laryngeal, 557; treatment of, 699.
 Diphtheritic; conjunctivitis, 228; croup, 564.
 Diplomas, American, in Europe, sale of, 212.
 Disease; of uterus, 11; gastric, diagnosis of, 58; excision for hip-joint, 65; inebriety, 100; investigation of, 115; malignant, of kidney, 273; Bright's, caffeine in, 410; germinal, view of, 414; alcohol in, 445.
 Diseases; of throat and nose, cocaine in, 89; of women, 225, 289, 321, 715; of rectum, 328; of cornea, 520; of skin, antimonial wine in, 596; among Indians, 703; of skin of reflex, nervous causation, 740.
 Disinfectants, 444; on carbuncle, 146.
 Disinfection, 54.
 Dislocation; at knee, 93; auxiliary method for reduction of, 97; of clavicle, 215; sub-spinous of humerus, 411.
 Disorders of early childhood, 164, 196.
 Dispensary experience, suggestions from, 461.
 Disturbances of normal vaso-motor tonus, 172, 205.
 Diuretic mixture, 346.

- Doctor, royal, 62; Holmes, an estimate of, 189; wife, 639.
 Dorsal vertebrae, spondylitis of, 619.
 Dorsalis, spasmodic tabes, 364, 525.
 Double uterus and vagina, 362.
 Douche, cold, death from, 532.
 Drainage, post-partum, of uterus, 564.
 Dressing of wounds, 462.
 Drunkards, juvenile, 621.
 Drunkenness treated by bleeding, 346.
 Dryness of tongue, glycerine for, 345.
 Dry cupping in treatment of anthrax, 157.
 Dupuytren's contraction, hereditary transmission of, 539.
 Duties of cities in epidemics, 373.
 Dysentery; chronic, nitrate of silver in, 81; vinegar in, 314; ipecacuanha, 470; acute treatment of, 313, 345.
 Dysmenorrhœa, cocaine in, 178.
 Dysphagia; cocaine in, 56; urticaria and, 504.
 Ear of child, cherry-pit in, 209.
 Earache, acute, treatment of, 781.
 Early treatment of typhoid fever, 540.
 Echinococcus of neck, 57.
 Eclampsia, puerperal, 540.
 Eczema, treatment of, 784.

- Herniotomy, 39; for strangulated femoral hernia in a paralytic, 203.
 Herpes, bilateral, zoster, 206.
 Hints, practical, diagnostic errors and, 281.
 Hip-joint disease, excision for, 65.
 Hog, hermaphroditism in, 29.
 Hospitals, pay for nurses in, 116.
HOSPITAL REPORTS—
Central Dispensary, Washington.
 Clinic of Dr. S. M. Burnett, 520.
College of Physicians and Surgeons.
 Clinic of Prof. T. G. Thomas, 715.
Kentucky School of Medicine.
 Clinic of Dr. W. H. Wathen, 329.
New York Hospital.
 Clinic of W. H. Draper, M. D., 266, 298, 489, 681, 800.
Pennsylvania Hospital.
 Clinic of Dr. R. J. Lewis, 136.
Philadelphia Hospital.
 Clinic of Dr. J. Tyson, 72.
 Clinic of Dr. W. H. Parrish, 105.
 Clinic of Dr. Joseph Neff, 106.
 Clinic of Dr. John M. Keating, 107, 746.
 Clinic of Dr. H. C. Wood, 108, 456.
 Clinic of Dr. E. T. Bruen, 424, 651.
St. Antoine, Paris.
 Clinic of Prof. Dujardin-Beaumetz, 8, 41.
Medico-Chirurgical College of Philadelphia.
 Clinic of Prof. J. E. Garretson, 584.
University of Pennsylvania.
 Clinic of Dr. Wm. Goodell, 200.
 Clinic of Dr. C. K. Mills, 168, 232.
 Clinic of Dr. W. Pepper, 391, 775.
Western Pennsylvania Hospital.
 Clinic of W. J. Asdale, M. D., 617.
 Hot-water, therapeutics of, 66.
 Huchard on antipyrin, 117.
 Human body not morbid, ill-shaped noses and other irregularities of, 529.
 Humerus, sub-spinous dislocation of, 411.
 Hydrangea arborescens, 255.
 Hysteria, 453; treatment of, 775.
 Hysterectomy, 346.
 Hydrocephalus, chronic treatment of, 634.
 Hydrocele; danger of iodine injections in, 58; in female, 310.
 Hydrogen, peroxide of, 220.
 Hydrochlorate; of cocaine, 220; in nose and throat, 79, 89; of apomorphine, 92.
 Hygiene; of aged, 108, 347; and therapeutic value of enforced respiration, 385; of colleges, 574.
 Hymen, irritable, 120.
 Hypertrophy; of nose, treatment of, 208; senile of prostate, 221; cardiac, in adolescents, 568; dilated heart showing, 655.
 Hypnotic Chicago, 628.
 Hypodermic injections, a hint, 544.
 Hypospadias, urinary bladder of, 402.
 Hypothetical questions to experts, admission of, 31.
 Hysteria; emetics in, 83; its relation to, 210; surgical treatment of, 666.
 Hysterical affections of eye, 333.
 Icterus produced by nervous irritation, 408.
 Idiot, skull and brain, notes on, 588.
 Idiots, children of, 414.
 Idiopathic anæmia, 550, 577, 613, 646.
 Idleness, faculty of, 702.
 Illness, avoidable, 637.
 Ilio-femoral aneurism, 563.
 Illusions, 232.
 Imagination, power of, 312.
 Imperative conceptions, 232.
 Implantation, re-, of a tooth, 471.
 Impregnation, artificial, 31.
 Improvement in splints, 736.
 Incandescent electric light for, 294, 324.
 Incipient phthisis, 778.
 Incompetence, aortic and mitral, 654.
 Incontinence of urine, 201, 542; in children, 432; belladonna in, 443.
 Indians, diseases among, 702.
 Indigestion, carbolic in, 537.
 Inebriety; a disease, 100; among railroad engineers, 166; treatment of, 249; incipient stages of, 806.
 Infant; strangulated hernia in, 118; mortality, 221; tuberculosis of testicle in, 369; alimentary canal of, 470; favus in, 660.
 Infantile; mollities ossium, 45; diarrhoea, 91; bacillus of, 154; paralysis, 458.
 Infants; fracture of skull in, 240; nephrectomy in, 275; food, 284; purulent ophthalmia in, 407; treatment of ulceration of bowels in, 755.
 Infancy, common disorders of, 164, 196.
 Inflammation; desquamative, of meatus auditorius externus, 609, 649; catarrhal, of ear, 634.
 Inflammatory affections of skin, jaborandi for, 188.
 Ingestion of large quantities, effect of, 282.
 Inhalation of oxygen and ozone, 410; of pure air, 790.
 Injections; of carbolic acid in abortion, 188; hypodermic, a hint, 564; tannic acid, in cholera, 567; intravenous, in cholera, 571.
 Inoculation; from malignant pustule, 344; for cholera and yellow fever, 694.
 Insane asylums; of Canada, 126; provisions for, 382; narcotics among, 780.
 Insanity, 168; introspective, 155; contagion of, 214; of manner, 233; lectures on, 111, 554.
 Insomnia of continued fevers, 411.
 Instruments, Staufer's gynecological, 383.
 Intellect, climate and, 413.
 Intermittent, regularly, albuminuria, 402.
 Intestine, resection of large, 207.
 Intestinal obstruction; operative treatment in, 19; from intussusception, 558; strangulation, 369.
 Intra-uterine therapeutics, 26; applications of, 120; capsular fracture of, 234; fracture of neck of femur, 668.
 Intra-venous injections in cholera, 571.
 Introspective insanity, 155.
 Intussusception, 248; probable, 558.
 Inventor protected, 633.
 Inverse type of temperature in, 101, 132, 139.
 Inverted bladder with, 156.
 Investigation of disease, 115; of chorea, 158.
 Iodide of potassium in, 184.
 Iodine injections in hydrocele, danger of, 58.
 Ipecacuanha in sunstroke, enemata of, 122; in dysentery, 470.
 Irreducible incomplete hernia, 203.
 Irritable hymen, 120; bladder, cocaine in, 411.
 Iron in surgery, subcarbonate in, 92; as medicine, 378.
 Itch, ointment for, 540.

- Jaborandi for inflammatory affections of the skin, 188; treatment of pneumonia with, 399; as galactagogue, 496.
- Japanese girl's toilet, 318.
